

My education credit dashboard

This article is about the new JUNO learning management system (LMS). If you don't see these features on your site, your platform still uses the [legacy JUNO education credits](#).

This is a step-by-step guide on navigating the Education Credits (EC) dashboard. The dashboard is your hub for tracking and pursuing various credits you can achieve. Organized into four distinct tabs—Available, In Progress, Ready to Claim, and Claim—the EC dashboard empowers you to locate and manage your educational accomplishments.

Opening your EC dashboard

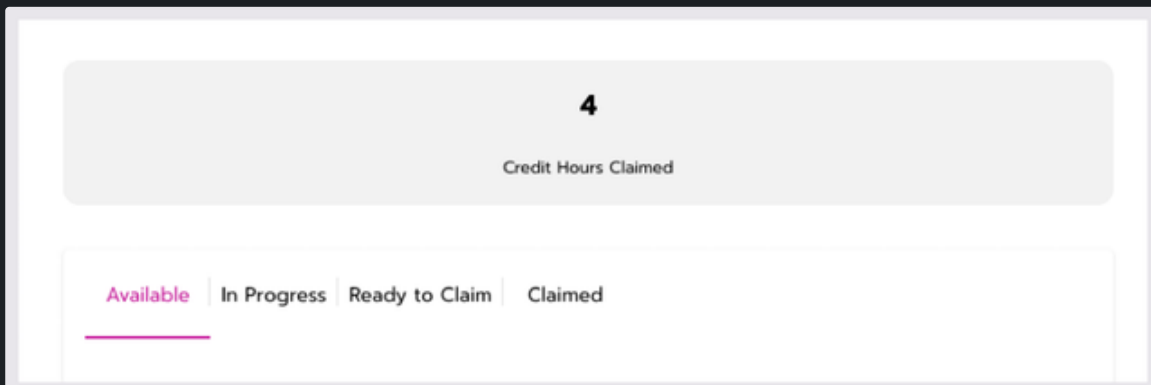

Select your profile image in the top-right corner of the navigation bar. Then select **Education Credits**. This opens your personal EC dashboard, where you can find the following information about your education credits.
